New Life Treatment Center Staff:

Professional and qualified staff with diverse interests, specialties, experience and degrees, such as mental health and marriage and family therapy. Our staff includes: Nurse Practitioner, Licensed Psychologist, Licensed Alcohol and Drug Counselors, Gambling Therapist, RN's, LPN's, Career Counselor, and Tutor.

“We care about the people who come to our facility. We all work together to meet their needs as they find sobriety and recovery. When they come into the program, they begin working the 12 steps and learn there is hope. It is a great thing to see them get a sparkle in their eye they didn't have before. We believe that if someone is truly looking for long-term sobriety they can find it here.”

...it all starts with a phone call.
